

The Texas General Land Office (GLO) regulates dredging, filling and placement of structures on coastal public land owned by the Permanent School Fund. No work may be conducted or structures placed on coastal public land without authorization from the GLO. If you would like to propose a new structure, need to make modifications, repairs to an existing structure, or have any questions please contact our

Permit Service Center (PSC)

409-741-4057 or permitting.assistance@glo.texas.gov.

The PSC can also provide information about other authorizations or permits required by other regulatory agencies like the US Army Corps of Engineers (USACE), Texas Parks and Wildlife (TPWD) and Texas Commission on Environmental Quality (TCEQ)
